West Orange, NJ 07052**

Play it Safe!

Cardiac and Concussion Screenings for Young Athletes

Celebrating 50,000 screenings since 2010.

Together, the Matthew J. Morahan III Health Assessment Center for Athletes (MJM) and top sports medicine providers from the Musculoskeletal and Sports Medicine Institute use preventive medicine and screening, as well as innovative sports injury evaluation and management, to navigate athletes safely back to the field.

MJM proudly partners with schools and programs across the state, providing physician oversight, screening and injury management services to many of New Jersey's top athletic programs, including Rutgers University, Seton Hall University, and the New Jersey Devils.

Free Cardiac Screenings

Open to the first 75 athletes | 6-18 years old

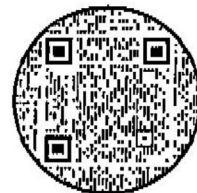

Free Concussion Screenings

Open to the first 75 athletes | 5-18 years old

Screenings are recommended to be repeated every 2 years.

An appointment is required.

To request an appointment time, please **scan the QR code** or visit **rwjbh.org/events** and search by the event name.

Presented by Cooperman Barnabas Medical Center and Clara Maass Medical Center
